

Turn Insights Into Action

Drive confident decisions and operational excellence with the only business intelligence solution built for community association management and powered by AI.

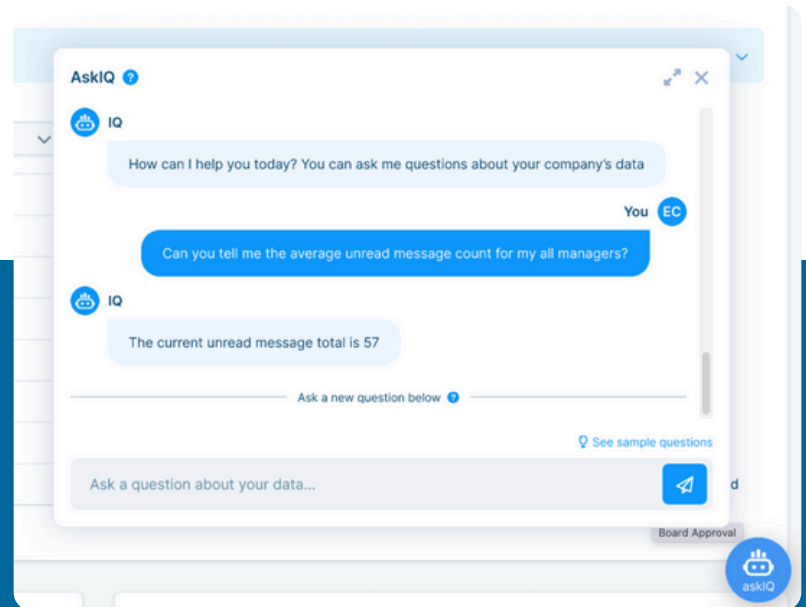

AskIQ powered by AI

Frictionless access to your business insights.

Ask your most pressing questions and get real-time responses with accurate data.

Ben Currin, CEO at Vantaca

“AI is not just part of the future at Vantaca; it's foundational to our present. We are committed to a consistent cadence of strategic AI-driven product advancements across our products, ensuring our technology evolves as rapidly as the needs of our industry.”

Purpose-Built Dashboards for Community Management

- **Business Dashboard**
Get a high-level overview of the performance and overall health of your business.
- **Employee Dashboard**
Review your team's productivity and optimize staffing allocations.
- **Association Dashboard**
See what's happening in your associations and track trends to help you review and price contracts.
- **My Dashboard**
Create your own customizable dashboards to keep tabs on the insights most important to you.
- **Team Dashboard**
Curate and share dashboards within your teams to promote collaboration and alignment.
