

# Accelerate Business Performance With Vantaca

More than management and accounting software for your community association, Vantaca is a business operating solution that drives performance for your organization.

# Why Change?

If your current software is merely helping you manage your community association, you're missing out. Your management solution should be giving you:

Increased **flexibility and control** to boost business performance for owner-operators

Improved **efficiency** to drive employee satisfaction and community management team performance

Greater **transparency and self-help tools** to support board and community association performance

# Simplify Community Association Management

Our SOC 2 compliant software empowers you with:

## Customized Workflows and Reports

Leverage unlimited automated workflows that adapt to your needs.  
Measure progress in real time with insightful analytics reports.

## Full Banking Integrations

Complete payments, fund transfers, and submit account balance inquiries without leaving our system. No more separate banking portals.

## A Comprehensive Communication System

Track all correspondence with staff members, homeowners, board members, service providers, and more without having to search for messages.

## Mobile Accessibility

Enable your team to work from wherever they are while completing inspections, reviewing work orders, and approving requests on their mobile devices.

## Business Intelligence

Get visibility into your business with easily accessible and actionable data.  
Accelerate data-driven decisions with a central source of truth.

# Enjoy Seamless Implementation and Customer Support

Vantaca stays committed to your success by providing smooth data migration, a bespoke training plan that's tailored to your organization, and a dedicated support team to help you through the entire implementation process and beyond.

# Why Vantaca?

Vantaca is purpose-built for community association management. As we are CAM veterans ourselves, we've made it our mission to bring you more than just accounting and management software. That's why Vantaca:

**Drives performance by streamlining processes and automating workflows**

**Scales with your business as a modern software platform that adapts to you**

**Provides you with trusted and proven guidance from our team of CAM experts**

# Hear From Our Customers

“We have a dedicated team that knows our business, knows our needs, knows the people within our company, and the kind of questions that they ask. I wanted a resource and that’s what we get with Vantaca.”

— *Peter Greeves, Owner, EJF Real Estate Services, Inc.*

“I think one of the biggest benefits is the dedication and support that comes from the Vantaca team and the fact that they have a continuous-improvement mindset.”

— *Buddy Tight, Operations Manager, Campbell Property Management*

“The Vantaca team we work with is almost like a part of our organization. We feel really comfortable asking questions and bringing them in on training to work with our users.”

— *Christina Gano, COO, The Management Trust*
